Victorian School of Languages Vocational Education and Training (VET) Programs.

All students take note.

From the 1st of January 2015 all training organisations providing VET programs need to record two key pieces of information from their students.

As a consequence, all students enrolling in any VET programs with the VSL will need a Universal Student Identifier (USI) number. In addition if you are under 25 years of age you will require a Victorian Student Number (VSN). None provision of these numbers will result in your enrolment not being accepted by the VSL or any other training organization.

   If you are enrolled at a school or TAFE, speak to your school administration as they will be able to assist you in this process.

2. The VSN is available through your school. If you have left school you can obtain this from the last school you attended. If you have moved from interstate or overseas ring the VSL for assistance in obtaining one.
